Gloss (61+)

Filled Pore: Open Grain (use filler) Close Grain (no filler)

**Dooge Veneers uses a satin finish on panel samples*

NOTES

Please do the following in order to ensure a proper specification:

1. Contractors must submit a finished sample to match architect's control sample.

2. Contractors must verify pricing at time of bid.

3. Must meet all AWI requirements for premium grade.

4. Send a set of drawings to determine square footage required.

5. Email this specification to your Dooge Veneers sales representative before submitting to a contractor.

**Always be sure to add 'No veneer substitutions allowed' if needed*
