

Dooge Veneers provides robust support to assist you in project planning with veneer. Since our inception in 1977, we have successfully supplied veneer for thousands of design projects and woodworking industry manufacturers. Our investment in support is on-going and includes:

www.doogeveneers.com

Download useful PDFs, specify your veneer, browse our robust inventory and view successful projects we've been a part of to get an idea of our work.

Sales & Support Team

Enjoy live support from our knowledgeable sales team. They will help you manage your specification, procure alternatives and ensure your product is delivered as expected.

Log Photos

Our sales team will send high resolution digital images to you based on the species, characteristics, and general range of costs you are considering.

Panel Samples

Dooge offers clear and custom stained 12" x 12" finished panel samples once you've narrowed down your prices. Send us your physical color sample if you are looking for a custom match.

On Site Review

We encourage you to come to Dooge Veneers to see the log in its entirety. We will turn it bundle by bundle so you can evaluate it for consistency, size, characteristics etc.

Pre-Purchase Agreement

A pre-purchase removes the log from Dooge's inventory and ensures you have what you need for your project. Regardless of pre-purchase, Dooge will find a great match in our existing inventory or through our worldwide supplier network to ensure the quality of your design intent.
